

# European-style. Local Service.

Premium cabinetry, built locally,  
and delivered as scheduled.

texture®

Texture is a San Diego based cabinet company using state-of-the-art German machinery to make beautiful, sustainable, European-style kitchen cabinets that are built to last.

OUR PRODUCT

# High quality, frameless cabinets constructed to exacting standards.

Texture sources a selection of current TFL finishes, a wide range of color palettes, quality hardware and accent choices inspired by artisans and designers from around the world.

We also have access to unlimited options within North America. Your vision is our guide.

---

**Transitional Modern**

Shaker style fronts and dark hardware bring life to this all white kitchen.

### Modern Contemporary

Mixing matte and high gloss finishes create a sleek and sophisticated look.

#### A. MODERN CLEAN LINES

Stainless appliances are fit into a seamless alignment of white doors.

#### B. DRAWER SYSTEMS

Elegant box systems with drawer organization are both stylish and practical.

#### C. BATHROOM VANITY

Shaker fronts create visual interest in a small space.

#### D. PANTRY DRAWERS

Drawer box with cut outs allow for easy access and visibility.

ENGINEERING AND MANUFACTURING

# We work to deliver a smooth, seamless and hassle-free process.

From start to finish, our custom cabinets are engineered and produced in our over 30,000 square foot manufacturing facility.

Using state-of-the-art machinery, our team works to exacting standards in order to provide the highest quality European-style frameless cabinets. Advanced technology means an efficient process and consistent results every time.

---

#### Locally Crafted

We assemble your project with careful attention to every detail.

#### Our Team

Highly skilled engineers and technicians use state-of-the-art machinery to create precision made cabinetry.

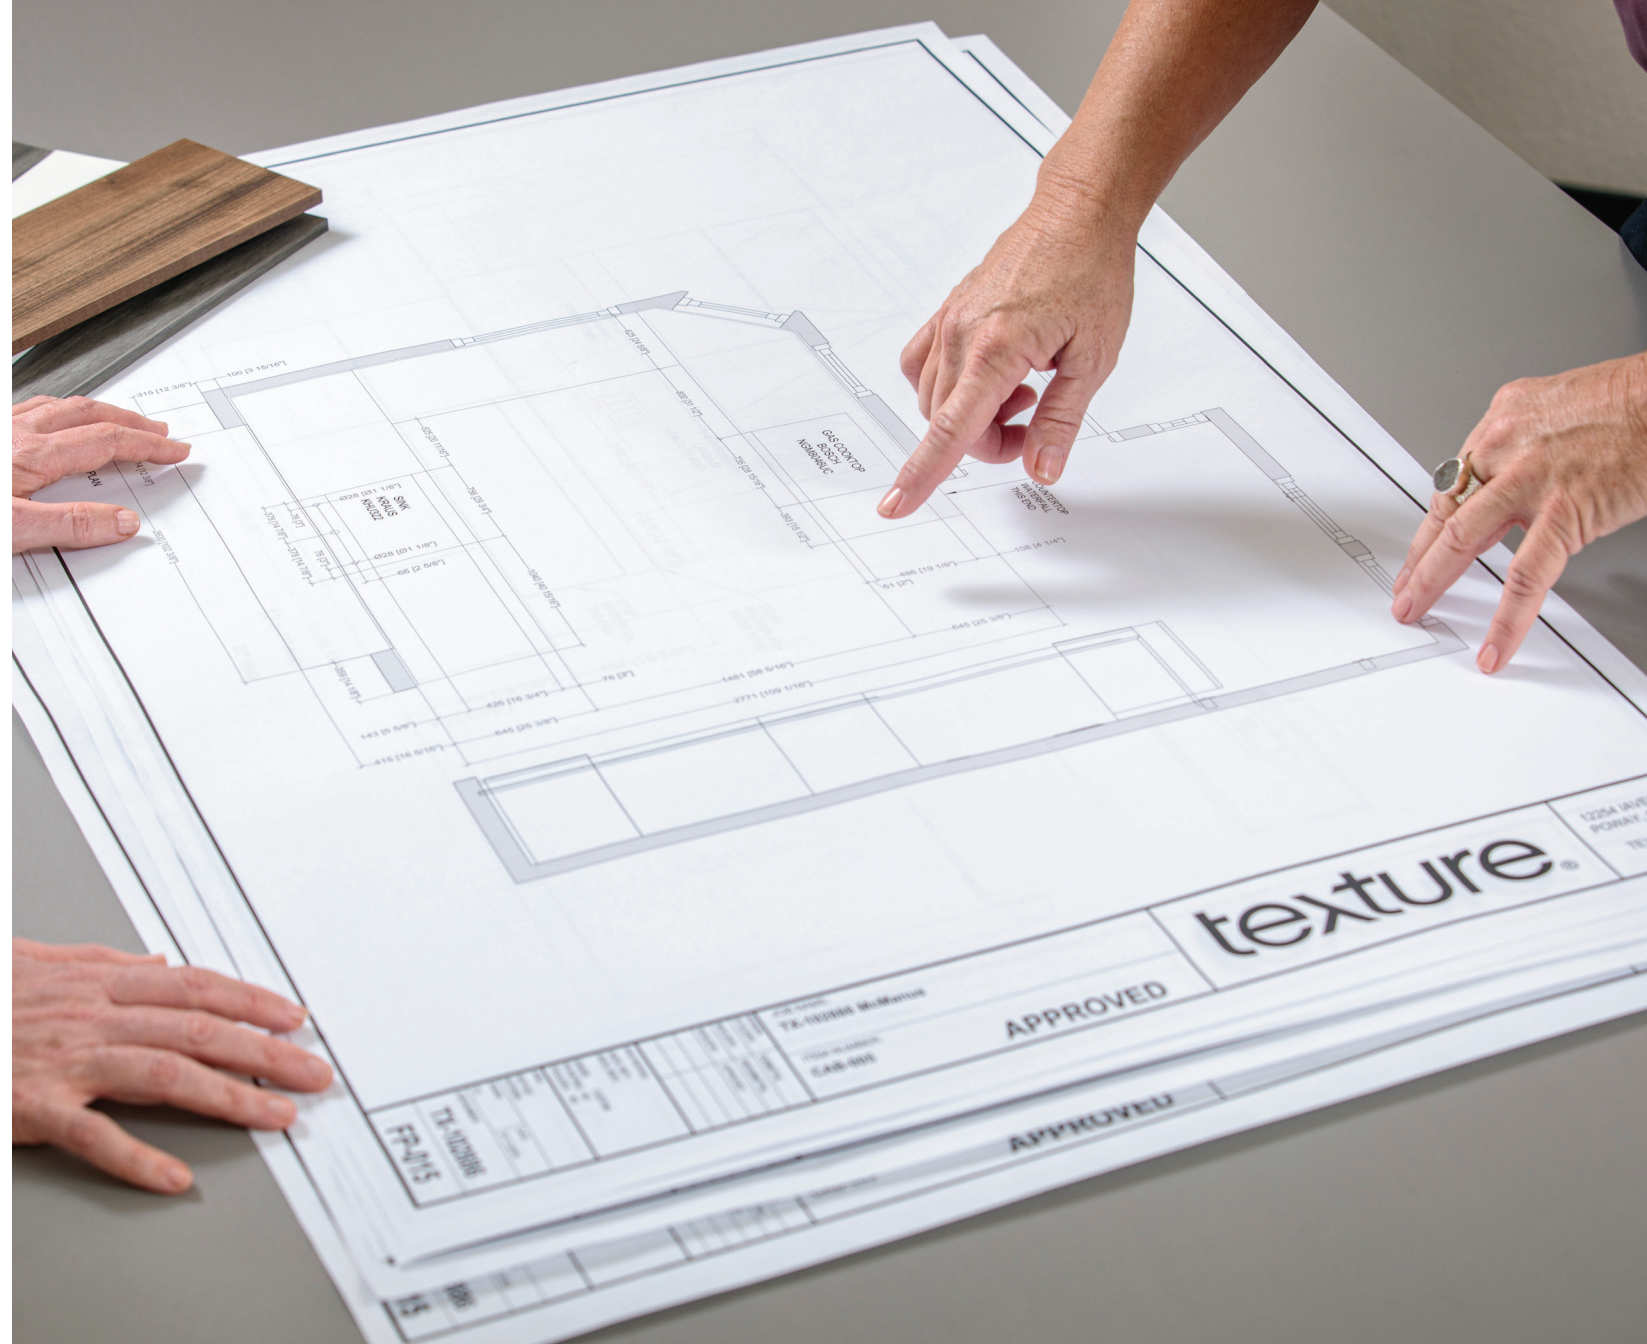

## OUR PROCESS

# Last minute changes are no problem and quick turnarounds are our specialty.

We pride ourselves in maintaining a manageable supply of imports from Italy, as well as sourcing local American-made materials. This allows us to have greater control and efficiency over every step of creating your cabinets. It's easy for us to accommodate changes and even easier for us to deliver a final product faster than our competition.

We're here to make your creative vision a reality. Our commitment to integrity and focus on quality makes us an ideal partner.

### THE WORKFLOW

#### Step 1

Plan review begins with your vision. We work with you to review your design and materials selection to finalize all details.

#### Step 2

We create an engineering machine ready CAD file encompassing all the details.

#### Step 3

Manufacturing cuts, machines and builds to your exact specifications.

#### Step 4

Logistics will clean, package and deliver your project for completion.
